

SAGE OIL VAC **HERITAGE SKIDS**

MODEL 2H34-2100

The skid has 120 gallons of capacity in very small footprint where space is at a premium but still has all of the Sage Oil Vac attributes such as the UFR, centralized control panels and 50' reels. The vertical tank design is what gives it the small footprint. This is a favorite for work trucks with mechanics bodies.

TANKS

- (1) 60 gallon (227 l) ASME tank used oil
- (1) 60 gallon (227 l) ASME tank fresh oil & fluid

POWER

- 13 CFM vacuum/compressor driven by 6 hp Robin Engine- 125 psi max
