

# FAST. SAFE. CLEAN. CONVENIENT.

## GET TO KNOW THE SAGE OIL VAC CART LINEUP.

Ready for a cleaner, more organized shop? The Sage Oil Vac cart lineup offers the same benefits of a centralized fluid management system — without expensive installation costs or extensive upkeep.

### HERE'S WHAT YOU CAN EXPECT FROM OUR CARTS:

**Pump-free technology** paired with sealed tanks helps prevent contamination from dust and debris.

**Crews take fewer trips across the shop** with up to 30 gallons (113.56 L) of fresh fluid and up to 120 gallons (454.25 L) of used fluids.

**Maintenance tasks are up to 50% faster** thanks to exclusive technology that uses compressed air\* and vacuum pressure to move fluids.

**Equipment keeps working day after day** with heavy-duty casters\*\* for easy rolling and rounded tanks that resist cracking in the corners.

### EVACUATION LUBE CARTS

Draining used oil? Forget the mess. With our exclusive vacuum technology, maintenance fluids go straight from equipment into the storage tank.

#### 120U LUBE CART

- (1) 120-gal (454.25-L) used fluid tank
- (1) 15-ft (4.6-m) used fluid hose

#### 60U LUBE CART

- (1) 60-gal (227.13-L) used fluid tank
- (1) 15-ft (4.6-m) used fluid hose

#### 30U LUBE CART

- (1) 30-gal (113.56-L) used fluid tank
- (1) 15-ft (4.6-m) used fluid hose

### DELIVERY LUBE CARTS

It's easy to transport fresh maintenance fluids across the shop with a delivery lube cart. Just fill up using a drum or bulk tank and head to the equipment.

#### 30N LUBE CART

- (1) 30-gal (113.56-L) fresh oil delivery tank
- (1) 15-ft (4.6-m) new fluid hose

READY-TO-SHIP  
CARTS.

\*Sage Oil Vac carts require an additional air source.  
\*\*Available on select models.

# SAGE OIL VAC LUBE CARTS

“ Our service technicians are much happier because they can get the job done faster — if each one could have a cart in their own bay, they would. ”

— Ryan Moore, service manager, Bruckner's Truck Sales

## EXCHANGE LUBE CARTS

Bring everything you need for a complete fluid exchange right to the equipment. Exchange lube carts feature both a dedicated used oil tank and a fresh oil tank for fast, clean oil changes.

### 230 LUBE CART

- (1) 30-gal (113.56-L) used fluid tank
- (1) 30-gal (113.56-L) fresh fluid tank
- Patented Used Filter Receptacle™ (UFR)
- (2) 15-ft (4.6-m) new/used fluid hoses

## RECYCLER CARTS

Antifreeze and hydraulic fluid costs can add up in any preventive maintenance program. Make the most of your investment with a recycler cart, designed to vacuum fluids from equipment so you can filter and re-dispense them.

### 20A ANTIFREEZE RECYCLER CART

- (1) 20-gal (75.71-L) tank
- CV-20 vacuum generator for vacuum assist
- (1) 15-ft (4.6-m) coolant/antifreeze hose

MODEL #	TANK CONFIGURATION	HOSE	AIR REQUIRED	EMPTY WEIGHT	OPERATING WEIGHT	DIMENSIONS
<b>EVACUATION CARTS</b>						
3011-1100	30 gal (114 L) recovery	(1) 0.75 in x 15 ft (1.91 cm x 4.6 m)	8 cfm @ 70 psi	116 lb (53 kg)	379 lb (172 kg)	27 in x 26 in (0.69 m x 0.66 m)
3014-1101	60 gal (227 L) recovery	(1) 1 in x 15 ft (2.54 cm x 4.6 m)	10 cfm @ 70 psi	226 lb (103 kg)	672 lb (305 kg)	23 in x 61 in (0.58 m x 1.55 m)
3026-1100	120 gal (454 L) recovery	(1) 1 in x 15 ft (2.54 cm x 4.6 m)	10 cfm @ 70 psi	480 lb (218 kg)	1,356 lb (615 kg)	29 in x 75 in (0.74 m x 1.91 m)
<b>DELIVERY LUBE CARTS</b>						
3011-1101	30 gal (114 L) new oil delivery	(1) 0.75 in x 15 ft (1.91 cm x 4.6 m)	8 cfm @ 70 psi	116 lb (53 kg)	380 lb (172 kg)	27 in x 26 in (0.69 m x 0.66 m)
<b>EXCHANGE LUBE CARTS</b>						
3014-2100	30 gal (114 L) used oil / 30 gal (114 L) new oil	(2) 0.75 in x 15 ft (1.91 cm x 4.6 m)	8 cfm @ 70 psi	365 lb (166 kg)	587 lb (267 kg)	22.2 in x 61.25 in (0.56 m x 1.6 m)
<b>RECYCLER LUBE CARTS</b>						
3011-1200	20 gal (76 L) coolant recovery / dispense	(1) 0.5 in x 15 ft (1.27 cm x 4.6 m)	8 cfm @ 70 psi	103 lb (47 kg)	263 lb (119 kg)	21 in x 26.5 in (0.53 m x 0.67 m)
